Yes – Please explain

No

Has your dog ever jumped/climbed/dug under a fence?

Yes – Please explain

No

Any further information we need to know? (use additional pages if necessary)

# General Rules

## Health

All dogs must be in good health. Owners will certify their dog(s) are in good health and have not been ill with a communicable condition.

If your dog is unwell, please keep them out of daycare, let us know your dog is unwell, and that they will not be attending daycare.

If we suspect your dog is unwell, we will send them home. If your dog is sent home from daycare with any suspected illness, you will still be charged for the session that was booked for that day as there are a lot of extra services that go into caring for sick dogs; we pay extra attention to sick dogs in order to monitor their health and provide you with important health information, as well as cleaning and sanitising all affected areas to maintain the cleanliness of our facility.

Owners must bring in their dog's veterinarian health booklet at the time of enrolment and whenever vaccinations have been updated. All dogs must be vaccinated against canine parvovirus, canine distemper, kennel cough, and Leptospirosis.

Your dog(s) must be on a regular flea control and worming treatment program.

These requirements and suggestions are not a guarantee against infection, but an attempt to minimize the chances of contagion.

We take the safety of all dogs in our care extremely seriously and we appreciate your compliance and understanding with our requirements.

## Entire Dogs

Ideally all dogs 6 months of age or older must be neutered. However we understand that some vets want to wait until 1 year. The team at Scallywags Doggy Daycare will consider each case individually for dogs who are not neutered after 6 months old.

No females in heat will be allowed in daycare for 6 weeks from when they go into heat.

## Bookings

It is essential to book your dogs into daycare, as spaces full quickly. We strongly encourage setting your dog up on a regular schedule, as dogs are very routine based and like to know what's going on. When dogs come in on a regular schedule, they settle quicker and enjoy themselves more as they are familiar with most of the dogs in the room. Also, they're more likely to be more settled at home on their home days, as they know they can rest up in anticipation of another burst of play and fun in a day or two.

You can email, phone (and leave a voicemail if we don't answer in time). If there's a problem with your booking, or if you need to go on a waiting list, we will let you know.

## Cancellations

We must be notified of a cancellation at least the day before or you will be charged the "No Show and Late Cancellation Fee" (one day's daycare). As much notice as possible is preferred as then we can fill your dog's spot with someone on the waiting list. You can email, phone (and leave a voicemail if we don't answer in time). If we don't receive notice before 5pm the day before your dog is due to arrive, you will be charged.

## Daycare Hours

Monday to Friday: 7.00am to 6.00pm – Closed all public holidays

Late fee applies for dogs picked up after hours listed.
